Unleash your
sales potential

Inspire your customers with the versatility of WireFree™ from Somfy. This technology offers unlimited scope, and has the scale and power to automate and connect an extensive range of blinds, curtains and window types. There's no need for domestic wiring, and sleek designs blend seamlessly into any interior décor. You benefit from clean and easy installation – saving time and money.

Unleash your
customer appeal

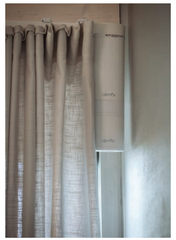
Offer customers a new level of easy living and comfort. Improve space and ambience by empowering control of natural light and room temperature, at the touch of a button. Clients can play with different moods, and protect their privacy with ease.

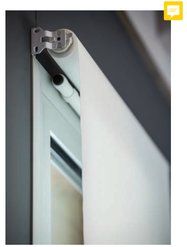
WireFree™ motorisation means no hanging cords, so you're secure in specifying a child-friendly and pet-safe setting. And with silent running, customers enjoy peace and quiet, with discreet and unobtrusive technology.

Unleash more
business opportunities

When consumers connect to choice, you feel the rewards. Communicate the innovative benefits that come with the WireFree™ range. Make their life easy with the Connexoon™ app, so customers can control their blinds and curtains from anywhere in the world.

Unify smart homes with the TaHoma® hub and offer hands-free with simple voice-control. Link customers with other Somfy products and home brands – to open up even more opportunities for your business.





About Somfy

Somfy's leading smart management solutions for homes and buildings have been improving people's daily lives for over 50 years. Developed with comfort, ease of use, security and sustainability in mind, our innovations automate and connect rolling shutters, curtains and blinds, gates and garage doors, lighting and heating, alarms systems and more. We are committed to creating useful solutions that are accessible to all, designed for today and beyond.
