

# Unleash your sales potential

Inspire your customers with the versatility of WireFree™ from Somfy. This technology offers unlimited scope, and has the scale and power to automate and connect an extensive range of blinds,

curtains and window types. There's no need for domestic wiring, and sleek designs blend seamlessly into any interior décor. You benefit from clean and easy installation – saving time and money.

# Unleash your customer appeal

Offer customers a new level of easy living and comfort. Improve space and ambience by empowering control of natural light and room temperature, at the touch of a button. Clients can play with different moods, and protect their privacy with ease.

WireFree™ motorisation means no hanging cords, so you're secure in specifying a child-friendly and pet-safe setting. And with silent running, customers enjoy peace and quiet, with discreet and unobtrusive technology.

# Unleash more business opportunities

When consumers connect to choice, you feel the rewards. Communicate the innovative benefits that come with the WireFree™ range. Make their life easy with the Connexoon™ app, so customers can control their blinds and curtains from anywhere in the world.

Unify smart homes with the TaHoma® hub and offer hands-free with simple voice-control. Link customers with other Somfy products and home brands – to open up even more opportunities for your business.
