

# Jr Roll Up 30 WF RTS Li-Ion

A rechargeable built in Li-Ion battery motor, radio controlled, specifically dedicated to small and medium roll-up interior applications.

## Compatible end-products

Roller blinds

Roman blinds

## Lithium-Ion +

### Embedded battery motor:

- + All-in-one
- + Aesthetic
- + Compact & light
- + Higher energy density

### Product main functionalities

- **Wirefree**  
For quicker installation
- **Built-in battery motor**  
Powered by a built in rechargeable battery
- **Soft start and Soft stop**
- **«my» favourite**  
Move your blind to your favourite position in one click
- **Thin head**  
White and thin round head for discrete blending.
- **Low battery LED indicator**
- **Compatible with Somfy connected solutions**

# Jr Roll Up 30 WF RTS Li-Ion

## Technical features

- Voltage Supply: 12V DC
- Index Protecting rating: IP 20 (for indoor use only)
- Limit Switch type: Electronic
- Temperature working range: 0°C to 60°C
- Temperature storage range: -20°C to 60°C
- Insulation class: Class III
- Antenna: 15 cm wire length, must not be cut or lengthened.

For best radio reception, must be exposed and should not come in contact with metal surfaces. Antenna may need to be repositioned for optimal performance.

## Benefits for professionals

### Easy integration

- Aesthetic white and thin motor head
- No external battery tube
- Delivery mode: Saves battery

### Easy installation

- Fast installation
  - No wiring
  - No need to have electrical knowledge
- Sleep mode: No risk of unwanted cross-pairing

### Quick setting

- Prog button
- Up and down end limits set via transmitter

### Reliability and profitability

- Safe protocol
- Somfy connected solutions
- Somfy brand, awareness and quality

### Affordable Solution

- Available in a kit solution with a Situo remote control, at an affordable price

## Benefits for end-users

### Daily convenience and comfort

- Move your blinds effortless and remotely thanks to radio control, compatible with Somfy connected solution
- Move your blind to your favourite position in one click
- Smooth and quiet motion
- Can be operated when charging

### Aesthetic integration

- Quick and clean installation with no damage to walls
- White and thin head

### Easy use and maintenance

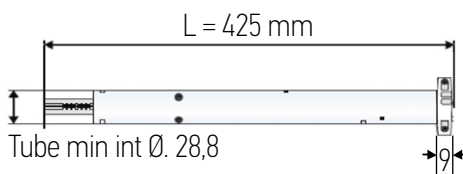

- Rechargeable battery (typical recharge, 1 time per year)
- Low battery LED indicator

### Reliability and safety

- Best Lithium-Ion technology performance
- No electrical wires nor cords, free from danger of strangulation
- Somfy quality and warranty
- Battery can be replaced

### Affordable solution

## Dimensions

## Performances

Nominal torque	0.35 Nm
Nominal Speed	40 rpm
Radio Protocol	RTS
Radio Frequency	433.42 MHz
Battery type	12V 2600 mAh (Built in Lithium-Ion)
Battery autonomy	Nominal recharge required, once a year*
Charging time	< 4,5 hours
Low Battery Indicator	LED

\* with one cycle (up and down) per day

## Certifications

(2-year limited warranty on batteries)
