

Sonesse® ULTRA 30 WF RTS Li-Ion

The Ultra silent motor for medium to large residential blinds, powered by a built-in rechargeable battery.

Compatible end-products

Roller blinds

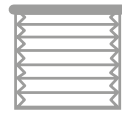

Roman blinds

Pleated and cellular*

Zebra

Sheer

*when used with CTS 40 or similar

Lithium-Ion +

Embedded battery motor:

- + All-in-one
- + Aesthetic
- + Compact & light
- + Higher energy density

Product main functionalities

- **Wirefree**
For quicker installation
- **Battery operated motor**
Powered by built-in rechargeable battery
- **Soft start and Soft stop**
- **«my» favourite**
Move your blind to your favourite position in one click
- **Adjustable speed**
From 10 to 28 rpm
- **Thin head**
White and thin round head for discrete blending
- **Fine adjustment function for precise setting (of slats and Zebra blinds)**
- **Low battery LED indicator**
Green/red LED
- **Compatible to Somfy connected solutions**

Sonesse® ULTRA 30 WF RTS Li-Ion

Technical features

- Voltage Supply: 12V DC
- Index Protecting rating: IP 20 (for indoor use only)
- Limit Switch type: Electronic
- Temperature working range: 0°C to 60°C
- Temperature storage range: -20°C to 60°C
- Insulation class: Class III
- Antenna: 15 cm wire length, must not be cut or lengthened.

For best radio reception, must be exposed and should not come in contact with metal surfaces. Antenna may need to be repositioned for optimal performance.

Benefits for professionals

Easy integration

- Aesthetic white and thin motor head
- No external battery tube
- Delivery mode: Saves battery
- Dedicated to a wide range of interior applications

Easy installation

- Fast installation
- No wiring
- No need to have electrical knowledge
- Sleep mode: no risk of unwanted cross-pairing

Quick setting

- Prog button on motor head
- Up and down end limits set via transmitter

Reliability and profitability

- Safe protocol
- Somfy connected solution
- Somfy brand, awareness and quality

Benefits for end-users

Daily convenience and comfort

- Quiet operation
- Effortless and remote radio control, compatible with Somfy connected solution
- Favourite «my» position
- Smooth motion with adjustable speed
- Can be operated when charging

Aesthetic integration

- Quick and clean installation with no damage to walls
- Aesthetic white and thin head

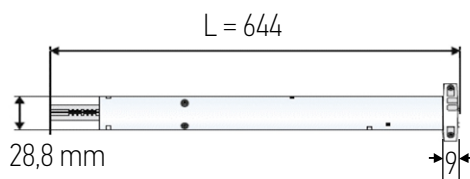

Easy use and maintenance

- Rechargeable battery typical recharge, 1 time/year
- Low battery LED indicator

Reliability and safety

- Best Lithium-Ion technology performance
- No electrical wires and no cords, free from danger of strangulation
- Somfy quality and warranty
- Battery can be replaced
